Special Issues Share Spotlight In Tuesday Vote

Municipal Half-Mill Levy Up Here; Many School Bonds Proposed

Interest in a long list of tax levies, bond issues and other special questions and issues will share the spotlight with the Taft-Ferguson race when Columbian county voters go to the polls Tuesday.

Twenty-six propositions will be decided, most of them put on the ballot to provide additional operating funds for hard-pressed school districts, cities and townships.

Salem and Wellsville cities will vote on renewal of 1/2-mill operating levies. Salem's is to provide funds for maintenance of municipal employees wages and other current expenses.

There are 11 operating levies up for vote in ten school districts—most of them renewals. Five school districts will vote on bond issues to erect new buildings or make changes in existing ones.

SCHOOL LEVIES will be decided in: Wellsville, East Palestine, Lisbon, Columbian, Leetonia, Negley, Unity, Wayne and Yellow Creek districts. Wellsville and East Palestine have two apiece.

School bond issues are due for a vote in: Lisbon, \$45,000; Yellow Creek, \$117,000; Fairfield, \$125,000; Knox, \$120,000, and New Waterford, \$20,000.

The Yellow Creek issue was proposed to erect a four-room building near Highlandtown. A similar proposal was turned down by a narrow margin at a special election early in 1950.

The Lisbon bonds would provide additional money to complete construction of two new schools. It was entered for a vote after the board of education learned Lisbon's new Lincoln and McKinley buildings would require more money than originally expected. The board has \$405,000 from a bond issue approved in November, 1949, plus \$90,000 insurance from the McKinley building, destroyed by fire.

The KNOX district bond issue is ear-marked to provide money for a new consolidated elementary building between North Georgetown and Hometown. A similar proposal was approved by Knox voters early this spring, but later it was invalidated because the board of education failed to consult the State Tax Commission after it was forced to change the date of the special election.

The Fairfield School District bond issue is designed to provide money to remodel a centralized building near Columbian and finance an addition.

The New Waterford bonds would provide money to complete a fire-proof addition to the present building.

One-mill levies will be on the ballot in three townships—Center, Hanover and West.

Washington village votes on renewal of a 5-mill levy.

East Liverpool will ballot on: A vote on continuing federal rent control in East Liverpool six months beyond its automatic expiration date Dec. 31;

A proposal to reduce the work week of the 22-man police department from 48 to 40 hours;

A renewal of the existing 1/2 mill city levy for garbage and rubbish collection and disposal, along with a 1/2-mill increase that would boost the Incinerator department's overall tax income to an estimated \$49,000, and

A renewal of a 5-mill school levy.

The wife of the wounded would-be assassin, Mrs. Collazo, 42, remained in jail in lieu of \$50,000 bail. She has been accused of conspiring with her husband, with Torresola and other persons—unidentified—to injure the President.

The penalty for conspiring to harm an officer of the government is six years imprisonment or a \$5,000 fine or both.

As a result of the Washington incident, special police guards were thrown around at least eight Puerto Rican government and business agencies here.

Similar vigilance was maintained around the home of Gen. Dwight D. Eisenhower, president of Columbia University, and the hotel residence of U. S. United Nations Delegate Warren Austin. No reason was given.

MARIETTA GETS \$18,202

MARIETTA, Nov. 3—(AP)—Alumni and friends of Marietta College in Parkersburg and Wood County, W. Va., have contributed \$18,202 to the college's building and development fund, campus officials said today. The gifts came from 71 donors, with one amounting to \$6,000.

Reports Car Mishap

Lowell Myers of R. D. 2, Salem, reported to police Thursday that his car skidded on the wet pavement on Newgarden ave, turned over and struck a light pole near the road. Myers sustained minor scratches on his face, but the car was badly damaged.

Stassen Aids Taft Campaign

Believes Taft Will Return To Senate

COLUMBUS, Nov. 3—(AP)—As Ohio's bitter senatorial campaign drew near an end, Senator Robert A. Taft exclaimed last night:

"Goodness, what a terrible man I must be!"

The Republican candidate was commenting on "a scurrilous sheet" which, he said, the CIO is sending—at a cost of \$50,000—to every rural mailbox in Ohio.

"Mr. Ferguson," Taft asserted, "has said that I am against human needs, human welfare, human happiness and the common dream of mankind . . .

"The fact is that my principal interest in Washington has been welfare for 12 years."

While Taft spoke on the radio and campaigned in the Toledo area, two big names appeared in Columbus to support his campaign against Joseph T. Ferguson, Democratic nominee for U. S. Senator.

The two, neither of whom mentioned Ferguson's name, were Harold E. Stassen, president of the University of Pennsylvania, and Adolph Menjou, the movie actor.

Stassen, a former governor of Minnesota, was making his first political appearance in Ohio since he battled Taft for Ohio's Republican national convention delegates in 1948. Stassen won nine delegates, Taft, 44, but Thomas E. Dewey of New York won the presidential nomination.

Stassen said that the United States was in a dangerous military situation, that prospects for peace had been dissipated by the Truman administration, and that increasing costs of living and an increasing national debt were

threatening the nation's economic health.

These conditions, he added, are causing the people to recognize that they need in public office "men of high and unquestioned character, of unflinching courage, of deep sincerity, of conscientious devotion to their task, and of unwavering loyalty to the country."

For that reason, Stassen declared, he believed Ohioans would return Taft to the senate "with an overwhelming vote."

Horse Clubs To Hold All-Western Show

The Sunset Riders and the Valley Riders Saddle clubs will hold an All-Western Horse show Sunday afternoon at Peace Valley park. Proceeds will be used to pay the medical expenses of two members who were injured at a previous horse show.

The show is expected to be the final event of the rider clubs' year, but continuing excellent weather may allow additional events.

The most recent joint club activity was the combined club ride over the trails of Pine Hollow. Twenty-five horses and 27 riders participated in the ride. Harry Ray, age 3, was the youngest and Paul Lipp took honors for the oldest rider.

Leetonia Chamber Gets U. S. Certificate

LEETONIA, Nov. 3—The Leetonia Chamber of Commerce has received the United States Chamber of Commerce certificate of membership signed by that organization's top officers.

It will be received officially by the Chamber at its next meeting Monday, Nov. 27.

The Chamber now has 80 members and will receive new members at the next meeting. Charter membership totaled 72 when the organization was formed last spring.

The Chamber's most recent project was a labor survey which has now been completed. It lists special skills and trades represented in the village. The totals are now being compiled.

High School Contest To Recognize Book Week

Plans for recognition of National Book week, Nov. 12 to 18, at the high school include a poster contest to be conducted by the school library with Miss Lois Lehman in charge.

"Make Friends With Books" will be the subject of the posters. A magazine subscription prize will be given to the first place winner. The best posters will be displayed in the high school and public libraries.

The wood industries classes, taught by J. O. Hagadorn, are now displaying book racks in the library and hall showcases.

Columbiana School Levy Rally Is Set

Chest Drive Nears Objective Of \$5,100

COLUMBIANA, Nov. 3—A pep rally in support of the proposed special school levy of two mills for three years for operating expenses will be held at the Herbster st entrance to Firestone Park at 7 p. m., Monday, on the eve of the election. The rally is sponsored by the Grade School Mothers' club, the Music Boosters' club which promotes music in the schools, and the community Booster club. All other civic organizations are invited to participate.

The rally will be held around a big bonfire with the school children, after which the school band will lead a parade to the high school building, following a route from the scene of the rally on Herbster st to Main st, Pittsburgh st, and then to the school premises. The crowd at the rally will be handled by city police and special police of the Booster club.

DUE TO RISING costs, the Columbiana schools have been operating in the red for the last few years. Increased costs of materials, maintenance, a larger student body and a larger number of teachers have combined to bring about an annual deficit, although the board of education has retrenched on teaching equipment and aids, maintenance and general operational costs.

From 1942 through 1946, the elementary school was managed by eight teachers, but the growth of the school has made necessary additions to the teaching staff until now there are 13 elementary teachers, each handling a room of 36 pupils.

The Columbiana Clippers play at Lisbon this evening.

Columbiana Briefs: The Columbiana Music Study club will meet at the home of Mrs. Thomas D. Watt of North Main st at 8 p. m., Wednesday. Hostesses will be Mrs. Sam Belliff and Mrs. C. E. Bender.

The junior class of Columbiana High school will present a three-act comedy, "We Shook the Family Tree," in the school auditorium, at 8 p. m., Friday, Nov. 17. Members of the class have tickets. Seats may be reserved at Churchfield's drug store.

A Ladies Auxiliary of Clipper Aerie, F. O. E. of Columbiana has been organized, and will hold its next meeting in the lodge quarters at 8 p. m., Tuesday.

expenses have exceeded income by \$2,000 to \$3,000 each year. Last year, only some \$3,400 was spent on maintenance of school plant that would cost nearly \$1,000,000 to replace. Three of the five new class rooms provided by the addition to the high school building last year had to open with no teaching equipment other than desks and chairs. The school authorities say that a continuance of present conditions will lead to serious deterioration of the schools.

Eight civic organizations have endorsed the school levy, the Grade School Mothers' club, the Rotary and Kiwanis clubs, Chamber of Commerce, American Legion and V. F. W. posts, Columbiana Mothers' club and the Booster club.

FURTHER RETURNS to Charles Ramsey, community chest chairman, bring total contributions to \$4,116 toward the goal of \$5,100. Additional contributions of about \$500 are expected, which will leave the fund a little less than \$500 short. Each zone of the house-to-house canvass exceeded its contribution of last year, but the manufacturing and business interests have fallen short, although there remain some to hear from.

Columbiana Briefs: The Columbiana Music Study club will meet at the home of Mrs. Thomas D. Watt of North Main st at 8 p. m., Wednesday. Hostesses will be Mrs. Sam Belliff and Mrs. C. E. Bender.

The junior class of Columbiana High school will present a three-act comedy, "We Shook the Family Tree," in the school auditorium, at 8 p. m., Friday, Nov. 17. Members of the class have tickets. Seats may be reserved at Churchfield's drug store.

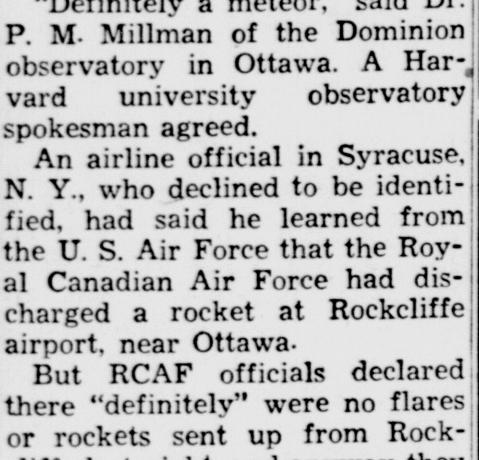

A Ladies Auxiliary of Clipper Aerie, F. O. E. of Columbiana has been organized, and will hold its next meeting in the lodge quarters at 8 p. m., Tuesday.

The Columbiana Clippers play at Lisbon this evening.

Trygve Lie As An Example

IF THE KREMLIN bloc in the United Nations had been able to oust Trygve Lie as U.N. secretary-general, he would have been exhibit A in evidence that personal and institutional integrity had been destroyed at Lake Success.

His reappointment for three years thwarts the Kremlin's effort to destroy him and his office. He was on the Kremlin's black list because he had made possible the U.N. action in opposition to North Korean Communists. This was the well-known tactic of destroying what cannot be controlled, the same tactic being used in the United States by pressure blocs which have borrowed their political methods from old-world absolutists.

Mr. Lie, a Norwegian, has been in charge of the U.N. secretariat since 1946. There now are more than 4,000 persons on his staff. Serving under him are eight assistants in charge of the U.N.'s major divisions, only one of the eight, Byron Price, is an American. He is in charge of administrative and financial services.

The secretary-general is empowered under the United Nations charter to bring problems to the attention of the general assembly, the Security Council, the Economic and Social Council and the Trusteeship Council. It was Mr. Lie's action in bringing invasion of South Korea to the attention of the Security Council which incurred the Kremlin's displeasure.

Was It Planned This Way?

THE newest turn of the war in Korea has revived alarming doubts about the Truman administration's ability to coordinate military action with national policy.

Surely, it is not one of the goals of U.S. policy to drift into war with Communists in China. Yet, the advance of United Nations troops toward the border of Manchuria has resulted in an encirclement of U.S. troops by Chinese Communists which threatens to become a wholesale massacre.

To whatever extent this may have been caused by failure to make clear through diplomacy that the border between Korea and Manchuria would not be crossed by the United Nations, there is created a doubt about coordination between Gen. MacArthur as commander of U.N. operations and the State Department.

The Christmas homecoming which had been looked forward to by Americans fighting in Korea has been turned into a remote hope by this newest development. Perhaps it was no more than a remote hope all the time. Perhaps the United States has become so deeply involved in Asiatic power politics that there is no end in sight to its military operations there.

If the United States becomes entangled with the Chinese Communists, that assuredly will be the case. The growing possibility of entanglement might have been averted by better diplomatic planning and procedure. It has taken Americans by surprise. They cannot believe it was planned to let the Korean military operation grow into a border war.

In Round Numbers

THE official census figure as of April 1, 1950, has the great merit of being easily remembered—150,000,000, nine round numbers—150,697,361 to be exact.

In 1800 the round number was 5,000,000. Twenty years later, it was 10,000,000. In 1880, it was 50,000,000. Not until the census of 1920 did it exceed 100,000,000.

At the turn of the century, the United States had exactly half as many people as it has midway in the new century. Today, having exceeded all expectations of population growth, the United States is beyond the scope of population prophecy.

Population totals are determined ultimately, as Thomas Malthus, British economist who died in 1834, claimed—by the terms of human survival. There is no rationality in the process of dealing with the terms.

People multiply with no regard to the prospects of survival. Yet, the terms of survival are ruthless. Famine, disease, war, poverty, vice and overcrowding are the alternatives to the rational controls which human beings seem to be unable to establish. Malthus conceived that theory in a mood of pessimism. Experience since his time has confirmed his pessimism.

The United States still has a margin of security within its own borders. Whether it has security in relation to the teeming population of the world remains to be seen.

Uncle Sam wastes a lot of money trying to find out what the cost of living has done. And how easily we could tell him.

Our Harry calls for foolproof disarmament, and the big things in all such cases is never to underestimate the fools.

Secret Ballot Guarantees Free Elections In U.S.A.

AMERICA'S best-kept secret is the way a voter marks his ballot on Election Day.

A citizen's privacy in the voting booth cannot be invaded. It is unconditionally guaranteed.

This is what happens when a ballot is marked, deposited in the ballot box and counted after the polls are closed: Each ballot form has two numbered stubs attached to it. The numbers are identical.

When the ballot forms are detached from the book in which they are delivered to the polling places, one of the stubs remains in the book. This shows how many ballot forms were issued.

The other stub remains attached to the ballot. It is torn off when the ballot has been marked and is ready for deposit in the ballot box. This stub is placed in a receptacle called the stub box. The total of stubs in this box must agree with the total of stubs in the ballot-form book when the polls closed. That insures honesty in handling the ballots.

But there is no conceivable way to identify the ballots. They cannot be traced. Even if a voter wanted his ballot traced, he could not place any identifying mark on it because that would cause it to be automatically rejected.

This is called the Australian secret ballot.

It was developed in South Australia during the 19th century and copied in the United States, which had been looking for a fool-proof way to protect the privacy of voters.

The secret ballot today is the key to the election process in this country. There could be no representative democracy without it. There is no such thing as a secret ballot in police states. Dictators cannot stay in power without intimidating the people.

Some of the backers of Senator Taft's opponent in the senatorial contest in Ohio have been hinting they have ways and means of knowing how voters mark their ballots. This is a lie.

The vote of every Ohioan is secret. No voter's privacy can be invaded in the polling place. It is bad news for would-be dictators. But there is nothing they can do about it, except to wish it were otherwise.

Guarding The President

By JAMES MARLOW

WASHINGTON—There were Secret Service men inside Blair House where President Truman was sleeping when two Puerto Ricans tried to shoot their way in Wednesday to kill him.

They were shot down outside by police and Secret Service men, first shooting three policemen. But if they had escaped unharmed outside and tried to kick in the door, they would have received a blazing welcome.

The street shooting had aroused and alerted everyone inside, including the President, who jumped awake and ran to the window. So the inside Secret Service men had plenty of time to get ready for the gunmen.

About 25 Secret Service men have the job of guarding the President and his family around the clock. Congress gave the Service that responsibility after the assassination of President McKinley in 1901.

While the White House is being repaired the President conducts his business there but he and his family live across the street—Pennsylvania Ave.—in Blair House, a building with high front steps.

The 25 Secret Service men have to guard the President in the White House, in Blair House, on the street and anywhere he goes.

AN ADDITIONAL 100 uniformed policemen help as guards at the White House and Blair House but everywhere else the Secret Service has the responsibility. And this will give some idea of how the service goes about it.

The President takes a daily walk every morning before breakfast. A Secret Service agent walks beside him. Several walk close by. And a Secret Service car, heavily armed and manned, purrs along beside or behind him.

Or the President goes on a train trip. His train is loaded with Secret Service men. The departure of the presidential train is timed to follow close behind a regular passenger express train going on the same tracks. Or the presidential train is preceded by a pilot train.

In both cases the purpose is to be sure the tracks are clear and safe. To be further safe, there are guards at every switch, trestle and overpass on the way to prevent any attempt to wreck the train.

Field Secret Service agents, detectives and patrolmen are on guard at every railroad station through which the train moves. And when the train reaches its destination, the point at which the President gets off the train is marked to the inch.

Take a presidential trip to New York, for example: Hundreds of uniformed New York police guard every street through which his auto passes. And detectives are scattered through the crowds.

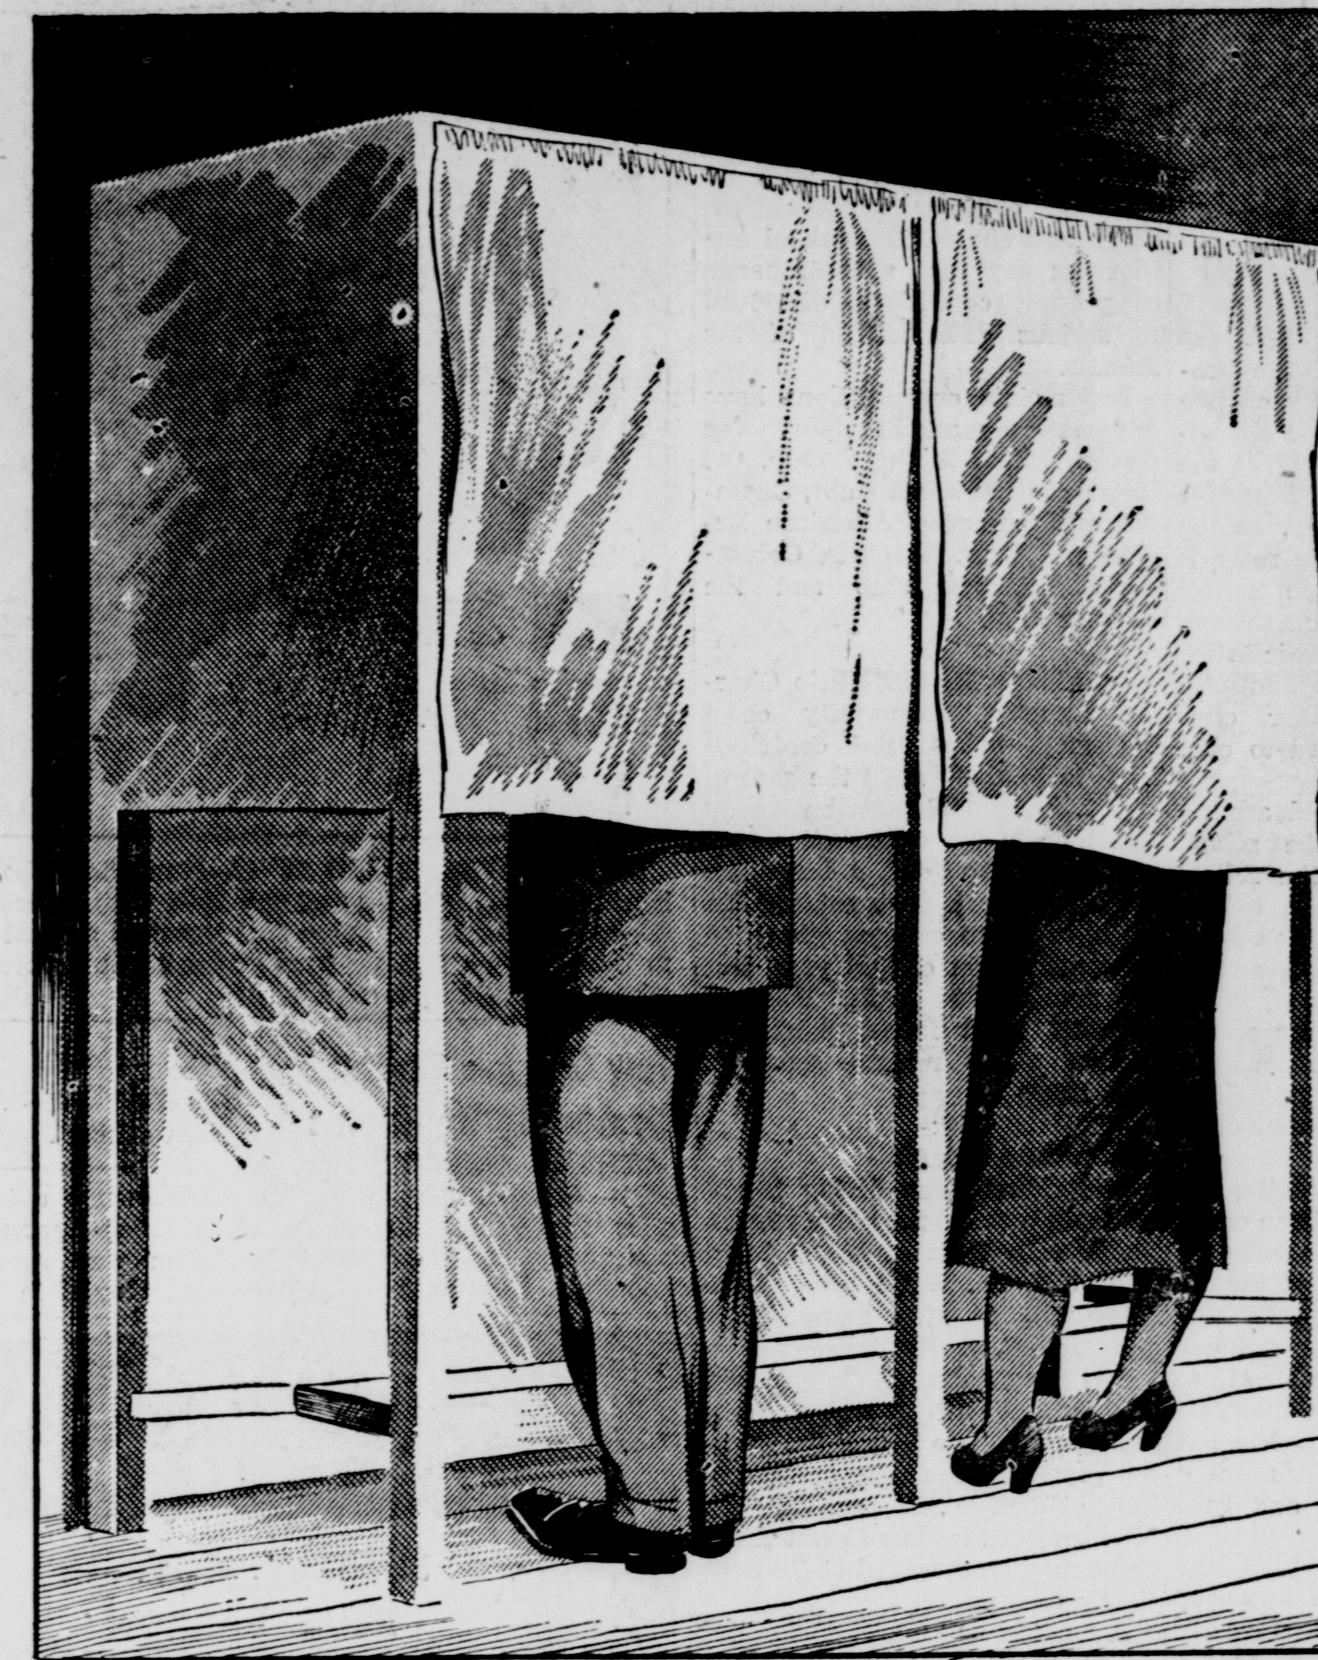

Other officers guard the hotel entrance, the elevators, the fire escapes and rooftops of adjoining buildings and the occupants of the buildings are investigated.

And in the hotel, the elevator which the President will use is put out of operation several hours before he arrives. At the last minute it is checked over to be

Avoid keeping in your house piles of oily rags, which often ignite through spontaneous combustion. Use treated disposable papers instead for dusting and other household tasks.

Effects Of the White House Shooting

By DAVID LAWRENCE

NO MATTER what happens in or around the White House, there are always political effects—and the shooting incident yesterday is no exception.

It so happens that, while President Truman isn't running for office, he is about to deliver a speech in behalf of Democratic candidates for Congress, and the spotlight will be focused more sharply on him now that there has been so much sensational publicity given to the episode in which White House guards fought intruders presumably bent on an attempt on the President's life.

The President has always been free and easy about his move-

ments—he has a habit of taking long walks with only a few guards around him. He has also not been protected as much against advance publicity about his goings and comings as presidents usually are in wartime. It was known Mr. Truman was planning to make a speech on Wednesday afternoon would be leaving the White House at about a certain time.

BUT, AS IN all these episodes, the system of White House protection ever since President McKinley was assassinated has been almost fool-proof. It was while Franklin Roosevelt was traveling in Florida after he became president-elect that an assassin's bullet was aimed at him and killed Mayor Anton Cermak of Chicago.

In 1912, when Theodore Roosevelt was campaigning against President William Howard Taft and the then governor of New Jersey, Woodrow Wilson, in a three-cornered contest, shots were fired at Mr. Roosevelt as he stood in front of a hall where he was speaking in Milwaukee. Promptly Governor Wilson canceled all campaign speeches until the extent of Mr. Roosevelt's opportunity to resume campaigning could be determined. President Taft wasn't actively campaigning anyway.

Q—I am a girl 15 years old and get dizzy and car sick whenever I ride in an automobile. Can anything be done about this?

G. C.—Many people get complete or partial relief from motion sickness by taking one of the antihistamines called dramamine. You could ask your doctor about this.

Q—I have a small piece of needle in my finger. Is there any danger that it might travel to other parts of the body? If so, should it be removed? M. B. W.

A—Many people get complete or partial relief from motion sickness by taking one of the antihistamines called dramamine. You could ask your doctor about this.

Q—I have pernicious anemia and have been taking liver shots and liver capsules. When I feel good I stop. Is there a care for this disease?

Mrs. J. T.—There have been many careful studies made of this subject, but there is still a good deal of difference of opinion about it.

Probably, an enlarged thymus can cause death in infants or small children but only under certain circumstances. In many hospitals it is customary to X-ray the thymus of small children before they are subjected to an operation in

order to determine whether or not the thymus is dangerously enlarged.

Q—I am a girl 15 years old and get dizzy and car sick whenever I ride in an automobile. Can anything be done about this?

Mrs. J. D.—There is no permanent cure for pernicious anemia. You should not stop the treatments, however, merely when you feel better. In addition to liver, vitamin B-12 seems to be a very effective form of treatment.

Q—I have half a teaspoon of Epsom salts is taken regularly twice daily, does it affect the condition of the blood?

S. M.—It probably will not affect the blood, but any cathartic is considered harmful to the digestive system if taken regularly. If at all possible it is best to regulate the bowels by diet.

Q—I have trouble with numb hands. They feel as though pins and needles were sticking into them. What can I do for this?

Mrs. L. R.—There are several possible causes, one of which is pernicious anemia. You should have tests made and an accurate diagnosis before anyone can tell you what can be done for your unpleasant symptoms.

Q—Is there any harm in wearing rubber girdles all day for housework? Will they harm the kidneys or nerves in any way?

Mrs. W. F. W.—A—If the girdle is properly fitted, is comfortable, and if there is no sensitiveness of the skin to rubber, there should be no harm to wearing them as much as desired.

Whatever the cause of the bold attempt, the nation is gratified that Mr. Truman escaped. As for the elections, it may be said that the President's appeal for a Democratic Congress will get a wider audience than would otherwise have been the case and, if his arguments are persuasive, he may help considerably the cause of his party.

Koreans Like "C" Rations

KOREA THE REPUBLIC of Korea (ROK) doughboy has his own native version of GI Joe's famous combat ration.

It has helped fuel him in his swift foot marches through North Korea.

GI Kim, the typical South Korean infantryman, seems to like his new "C" rations. But if an American soldier were handed a package of this, his reaction probably would be:

"Whaddaya do with it, anyway—fire it from a mortar?"

And if told he had to eat it he would ask indignantly, "how do I get a transfer out of this chicken-feathered outfit anyway?"

For he would find that he had to gorge raw dried codfish with tinned chicken and noodles; eat rice cakes flavored with red pepper instead of crackers with meat and beans.

Then he would munch green peas and beans for dessert instead of gulping canned fruit cocktail and coffee.

These might be strange and unacceptable to his palate but they are staple items in GI Kim's diet. His "C" rations contain such other delicacies as rice starch to be kneaded with water into a thickish paste, dried cuttlefish and kelp—or seaweed.

The only things in the package familiar to American troops are salt cubes, sugar and three sticks of chewing gum.

"The ROK troops are really fond of the gum," said Lt. Col. William F. Runge, Sanford, Fla., of the Korean military advisory group.

:-

RUNGE IS SENIOR U.S. adviser to the South Korean army's quartermaster general. He helped develop the new field rations, based largely on a study of South Korean habits made some years ago by a Japanese scientist.

The emergency rations, small in bulk, were designed to be eaten uncooked and still be tasty and nutritious enough to give ROK soldiers the energy they need to fight.

An individual ration, clad in waterproof plastic, weighs about four pounds and provides one soldier 3,210 calories a day. Runge said about 600,000 packages a month will be ordered.

"That gives enough to feed 75,000 front-line troops eight days a month on an emergency basis," he said.

ROK troops behind the lines, who can cook food without danger, will continue to get the usual ration.

"Relatively, the ROKs have done as well or better than GIs in the matter of getting a balanced diet," said Runge. "Each soldier eats about a pound and a quarter of rice. But he also has canned fish, dried fish, wheat flour, rice flour and flavoring, as well as a great assortment of fresh vegetables."

The GI Kim is a practical soldier himself. He gets vitamins as he marches, picking onions from the field and apples and pears from the trees. If there are germs on them he doesn't worry. Nobody ever told him the difference between a germ and a geranium.

LET'S BOOST WETZEL!

CLARENCE L. WETZEL

(Paid Political Advertisement)

We feel that Clarence L. "Dutch" Wetzel, Columbiana County's state representative for the past two years, has worked earnestly and diligently for the best interests of our country. For that reason, plus the fact that he has been selected by newspapermen covering the activities of the General Assembly, as an "All-Star" representative, we heartily endorse Dutch and urge all voters to support him Nov. 7 for his second term as state representative. We feel that Dutch has earned a second term and has proven his ability to represent Columbiana County in Columbus.

Obituary

Hiram Stallsmith

Hiram P. Stallsmith, 65, of Perry st died around midnight Thursday evening at Tuscarawas sanitarium in New Philadelphia. He had been ill for several years.

The son of John and Arminda Leonard Stallsmith, he was born May 8, 1885, in Goshen township. A machinist, he spent all his life in Salem and was a partner in the operation of a storage battery shop here for 25 years up until 1937. He was then employed by the Lincoln Machine Shop.

Mr. Stallsmith was a member of the First Christian church.

Surviving are his wife, Elizabeth; a daughter, Alice, at home; a son, Russell of Salem, and two grandsons. A son, Wilbur, died in 1940.

Services will be held at 2 Monday at the Stark Memorial, with Rev. E. S. Scott officiating. Burial will be in Grandview cemetery.

Friends may call Sunday afternoon and evening at the funeral home.

Charles Van Fossan

LISBON, Nov. 3—Charles G. VanFossan, 87, of 450 E. Chestnut st died at 10:30 p. m. Thursday in Salem City hospital as the result of a stroke in his home Tuesday evening.

The son of Jacob and Agnes McBain VanFossan, he was born April 22, 1863 in Elkhorn township and lived in this vicinity all his life. He was a farmer for many years, moving to Lisbon about 20 years ago.

He worked with the state highway department for a while, was a former village councilman and a member of the Presbyterian church.

Surviving are two daughters, Mrs. Leota Rogers of Lisbon and Mrs. Pauline Harriman of Youngstown; two sons, Jay P. and Frank K. of Warren; nine grandchildren and nine great-grandchildren.

Services will be held at 2 Sunday in the Henry funeral home here, with Rev. Paul T. Gerard officiating. Burial will be in Lisbon cemetery.

Friends may call Saturday evening at the funeral home.

2-Year-Old Girl Wins \$41,000 Suit

YOUNGSTOWN, Nov. 3—(AP)—A common pleas court jury has awarded \$41,000 to Marian Blissenbach, 2, of Youngstown. Her Mother sued John Yanko, a pharmacist, declaring the child was burned when the contents of an electric vaporizer spilled on her while she was being treated for a cold.

When the vaporizer was knocked from the arms of a day bed, the petition asserted, the girl's left arm was permanently impaired. The petition said the vaporizer was purchased from Yanko.

The constitutional amendment was sponsored by the citizens committee for the office-type ballot, headed by George H. Bender of Cleveland, a former congressman.

Its avowed purpose is to stimulate more interest in the candidates and discourage unqualified candidates from attempting to ride into office on the popularity of well-known figures.

Under the old system, all the candidates on a straight party ballot could benefit from the popularity of the leader of the ticket.

Ohio Arsonist Gets 4 To 40 Year Sentence

CIRCLEVILLE, Nov. 3—(AP)—Robert Dale Segee—a quiet youth who says he burned 168 persons to death in fires he set at the order of a flaming red Indian—was sentenced today to two terms of 20-20 years in prison to run consecutively.

Common Pleas Judge William D. Radcliff of Pickaway county passed sentence on the 21-year-old roustabout, who pleaded guilty to two minor fires in Circleville.

Segee, who also told authorities he killed four other persons in a pattern of arson and slaying dating back to his sixth year, has admitted setting the 1944 Ringling Bros. circus fire in Hartford, Conn., in which 168 persons died and 250 others were injured.

The consecutive terms means that Segee faces a maximum of 40 years in Ohio penitentiary or a minimum of four years. With time off for good behavior, this could mean a parole for Segee in about 40 months.

Potters Paper Backs Ebright For Governor

EAST LIVERPOOL, Nov. 3—The Potters Herald, official journal of the 28,000-member National Brotherhood of Operative Potters, today recommended support of Don H. Ebright, Republican candidate for governor.

But it urged its Ohio members to vote for three Democrats—Herbert S. Duffy, for attorney general; Joseph T. Ferguson, for U. S. senator, and Wayne L. Hays, congressman from the 18th district, which has numerous potters.

Truman Pays Visit To Wounded Guards

WASHINGTON, Nov. 3—(AP)—President Truman paid an unheralded visit today to two White House guards who were shot down in blocking an attempt to assassinate him.

Mr. Truman walked the two blocks from the White House to emergency hospital to see Privates Joseph A. Downs and Donald T. Birdzell.

The President was accompanied by Secret Service men. He arrived at the hospital at 9:40 a. m. and spent about ten minutes with the two officers.

Newsmen and photographers were not permitted to accompany Mr. Truman to the fifth floor rooms of the officers. But on leaving, Mr. Truman told reporters, the two guards "are getting along fine."

A third White House guard, Private Leslie Coffelt, was fatally wounded in the gun battle Wednesday with two Puerto Rican fanatics who tried to shoot their way into Blair House, the President's temporary residence.

82,000 Expected To See Irish-Middies Clash Saturday

Hotel Rooms All Reserved

Some Visitors Have To Stay In Akron

CLEVELAND, Nov. 3—(AP)—Notre Dame and Navy, a couple of teams who have absorbed their lumps this season, move into Municipal stadium tomorrow to provide Cleveland with its only major college football game of the season.

All of the 82,000 tickets have been sold for several weeks and all hotel rooms have been reserved long ago. Also booked solid is the largest hotel in Akron, 30 miles away.

And all that despite the fact that Notre Dame this year is not putting out as tough a club as it did the seven previous times the two rivals met here.

So far this season, the Irish have lost three of five games and have plunged from the top rating in the nation to that of being merely the third best club in Indiana.

NOTRE DAME has beaten North Carolina and Tulane, but has lost to Purdue, Indiana and Michigan State.

That puts the Irish well on their way to their worst season since 1933 when they won three, lost five and tied one. That was the season just after the death of Coach Knute Rockne.

Navy, under new coach Eddie Erdelatz, has won one of five starts. The Middies upset Southern Cal two weeks ago but were trimmed by Maryland, Northwestern, Princeton and Penn.

A T-formation passing battle is expected between quarterbacks Bob Williams, Notre Dame's All-American candidate, and Bob Zastrow, Navy pitcher.

Passes from Williams have enabled Jim Mutscheller to break most of Notre Dame's single season pass-catching records. Mutscheller in five games has snagged 25 passes for 319 yards, both of which are high marks for the Irish.

Of the 114 passes thrown by Zastrow, 50 have been completed for 730 yards and two touchdowns.

THIS IS the first regular season in some time Coach Frank Leahy has paid much attention to injuries on his Irish squad. After what the Irish call "five bruising, hard-fought ball games," Leahy has an injury list.

Billy Barrett, junior right half, is out for the season with a concussion and an ankle injury suffered against Tulane. John Petibon, left half and defensive safetyman, was taken out of the Michigan State game suffering from exhaustion. Bill Gay, left half, has two bruised ribs and Dave Flood, defensive right half, has a pulled shoulder muscle. All except Barrett and Petibon, however, will be ready to play against Navy.

This will be the 24th meeting of the two teams. Notre Dame, which won last year by 40-0, has won 18 times. Navy has four wins and there was one tie. The Middies have not beaten the Irish since 1944.

Everything came out even for New Hampshire's 1949 football team. The Wildcats scored 153 points, and so did their opponents, and they split eight games.

BY THE BASKET—Another professional National Basketball Association season is on. Holy Cross' Bob Cousy, left, is an outstanding recruit with the Boston Celtics. Ralph Beard, center, is the Indianapolis Olympians' peerless playmaker. George Mikan, the champion Minneapolis Lakers' center, is the daddy of them all.

Snead's 66 Alters Tournament Picture

PINEHURST, N. C., Nov. 3—(AP)—Samuel Jackson Snead and the Pinehurst Country Golf Club course have caught up with the boys in the North and South Open tournament.

• Whether he does or not, he's still the fair haired boy with Coach Wesley Fesler, who was himself a three time All-American.

• He has more all-around talent for the game than any one player. "I've just seen," Fesler says, "do everything exactly as you want it done, instinctively. We show him a play once, and you can forget him—he's got it cold."

• All the guy does is punt, pass, run, kick off, play defensive safety and call signals, if needed. Janowicz and his talents came to Ohio State only after dozens of colleges throughout the country fought to get him.

• He played in only five games last year, seeing 148 minutes of action out of a possible 300. He spent most of his time in the defensive lineup, playing safety.

• He started off fast this season against Southern Methodist and has increased his pace over the first five weeks. He may be the national rage by Michigan game time.

• The first basketball activity in Salem will be an event of Nov. 18 when the Salem Saxons open their Saxon league season with a game at the Memorial building.

• Joe Kelley has started his "bulging waistline" corps to work each Tuesday and Thursday evenings. The group was comprised of 14 puffing volleyballers this week.

• Among the guests who will attend the Boosters Club football banquet this month will be Speaker Sid Gillman, Coaches Bud Bucher and Jack Mills of Lisbon, Chuck Mather and Carl

CINCINNATI, Nov. 3—(AP)—Ezzard Charles now has a national boxing association certificate as further proof that he's the world heavyweight boxing champion.

But he still doesn't know whether he'll have to shave off his mustache when he defends his crown here Nov. 28 against Nick Barone of Syracuse, N. Y.

Arch Hindman of Hagerstown, Ind., president of the NBA, presented Charles with the championship certificate at a meeting of the Cincinnati boxing commission yesterday. He said similar certificates would be given to reigning and immediate past champions in all divisions.

After that ceremony, the commission turned its attention to Ezzard's mustache and whether he'll be allowed to keep it for the Barone fight. Commission mem-

Bowl Elevens To Be Decided

Outcome Of Games Saturday Important

NEW YORK, Nov. 3—(AP)—This will be "C" for crucial Saturday for four of the top teams in the country because the two winners could find themselves playing hosts in the Cotton and Rose Bowls.

At Austin, Tex., the No. 1 rated team in the weekly Associated Press poll, Southern Methodist, takes on Texas. The victor is almost sure to go on to the Southwest Conference title and with it the glory of the Cotton Bowl.

At Seattle, it will be Washington and California, battling tooth and nail in the Pacific Coast Conference race. But the road to the Rose Bowl will not be easy for the winner. If Howie Odell's

Washington Huskies win, they will have to account for Southern California. Should California come out on top, it will have to get past U.C.L.A. and Stanford.

Through two rounds the old course was subjected to quite a beating from the fast field and the attention was focused on others in the race for position.

But going into today's final 18 holes, Snead, the slamming man from White Sulphur Springs, W. Va., had raced up into a two-stroke lead on the impetus of a third-round 66, six under par for the 6,952-yard course.

Sammy, laying slightly off the pace with opening rounds of 63 and 71, opened up yesterday with a 32-34 job that caught Johnny Palmer of Badin N. C., leader through the first two rounds, and dropped him into a second place at 207 with Jim Ferrier of San Francisco.

Snead's 66 was fashioned on a 32-34 card. He never went over par. Going out he had two birdies and dropped a 50-foot putt on eight for an eagle three. On the return trip Sam birdied 16 and 17, the latter with a 40-foot putt.

Palmer wound up with par 72 after earlier rounds of 65 and 70. Ferrier's 71 followed opening scores of 67 and 69.

Low amateur with 213 was Frank Stranahan, Toledo, one stroke in front of Jimmy McHale, Bethlehem, Pa.

Art Doering, Richmond, Va., pro, scored the fourth hole-in-one in the tournament has seen in two days. His ace on the 206-yard 15th gave him 71 for 216.

• Among the guests who will

Dodgers Still Need Manager

Reese Likely Man If Shotton Is Done

BROOKLYN, Nov. 3—(AP)—The Brooklyn Dodgers today had two vice-presidents instead of a general manager but the question of who will direct the team on the field remained unanswered.

The hottest tip seems to be that Dodger captain and veteran shortstop Harold (Pee Wee) Reese will be the 1951 skipper, although Burt Shotton still is manager as of today.

Reese, according to most expert observers, has the inside track over Dixie Walker, former Dodger outfield star, if Shotton does not remain. Walker managed the Atlanta Crackers the past season and guided them to a Southern Association flag.

To fill the vacancy left by Branch Rickey's resignation last week as general manager, new president Walter O'Malley yesterday appointed Fresno Thompson and Emile (Buzzy) Bavasi vice-presidents. O'Malley said he would work hand-in-hand with Thompson and Bavasi, who will split the general management chores handled by Rickey the past eight years. The new vice-presidents will be on equal footing, O'Malley said.

THOMPSON, who had been in charge of the scouting, will direct the club's vast minor league system and scouting. Bavasi, in his mid-thirties, will aid O'Malley in corporate matters and handle player contracts and deals. Bavasi was general manager of the Dodgers' Montreal club before being brought up.

In addition, Bavasi will have much to do with the financial affairs of Brooklyn's Triple A clubs. The Dodgers own St. Paul in the American Association as well as Montreal in the International League, and have a working agreement with Hollywood in the Pacific Coast League.

The position of assistant general manager, resigned by Branch Rickey, Jr., will not be filled. Harold Roettger's place as director of public information, also resigned, will be taken by road secretary Harold Parrott, who will fill both spots.

Thompson, asked when the question of manager would be taken up, answered "we have a manager at the present time." Queried as to whether he, O'Malley and Bavasi would oppose the idea of a playing manager, Thompson replied "none whatsoever."

The other powers apparently are headed for a relatively easy day. Oklahoma, No. 3, faces Colorado and figures to run its winning skein to 27. Ohio State, No. 4, plays a Big Ten game with Northwestern, while Kentucky, No. 5, takes on Florida.

Although it probably will not have any bearing on the Big Ten race, the Illinois-Michigan game at Ann Arbor will have the distinction of drawing the day's biggest crowd—about 92,000. Some 35,000 will be on hand for the SMU-Texas game, while another 68,000 will witness the Army-Penn affair. A 55,000 sell-out is predicted for California-Washington.

Ohio State is a solid favorite by from two to three touchdowns. A crowd of 50,000, well-stocked with old NU grads, is expected for the contest.

The Buckeyes come to Evanston with a record of four victories and one loss—their opener against Southern Methodist. They're rated the country's fourth best in the Associated Press poll on top-heavy wins over Pittsburgh, Indiana, Minnesota and Iowa.

The Wildcats, rated ninth a week ago, dropped out of the top 20 after their 14-13 defeat by Wisconsin. But, on statistics they have one of the Big Ten's best all-around teams. They're rated second in the conference in both offense (behind Ohio State) and defense (behind Illinois).

U. S. Perfects Use Of Atomic Weapons

WASHINGTON, Nov. 3—(AP)

—The United States appears to be hastening toward production of specialized atomic weapons and special tactics for use if the Russians should attempt to invade western Europe.

Without making it clear whether such weapons and tactics already exist in preliminary form, the Air Force said in a semi-annual departmental report released last night that it is "taking necessary action to develop further its capability to support the ground forces with atomic weapons."

And the Army, in its report, said that new systems for guided missiles, recoilless weapons and the family of atomic weapons are designed or being designed for use by our Army."

The atomic weapons family obviously includes, besides the explosive bombs themselves, such things as radiological equipment for poisoning areas.

New York Banker To Head Red Cross

WASHINGTON, Nov. 3—(AP)

—E. Roland Harriman, New York banker, has been named president of the American Red Cross, replacing Gen. George C. Marshall, now secretary of defense.

The appointment, announced yesterday by President Truman, becomes effective Dec. 1. Harriman, brother of Mr. Truman's special assistant for foreign affairs, W. Averell Harriman, is now vice chairman of the Red Cross. A Republican, he is 54.

The Red Cross presidency pays \$22,000 a year.

Leetonia Band Plans Homecoming Show

LEETONIA, Nov. 3—The Leetonia High School 53-piece band will play a large part in the pre-game festivities tonight as the school celebrates homecoming.

Director W. G. Jenkins said Thursday the band's performance will include a clock formation when the musicians will play "Now Is the Hour." They will form a crown during the crowning of queen Dorothy Altomare and will play, "Let Me Call You Sweetheart." A pierced heart for

mation will follow as the band plays "I Love You Truly."

At half-time in a salute to "Paw and Maw" the band will play "For He's a Jolly Good Fellow" and "I Want a Girl." The Four Notes, male quartet, will sing.

Four From Area Enroll At Northwestern U.

Four district students are among the 428 from Ohio enrolled this fall at Northwestern university. They will participate next spring in the university's centennial observance.

They are: Nancy Jane Probst of 725 S. Lincoln ave in the College of Liberal Arts; Thomas Williams of 1011 Homewood ave in the graduate school; Margaret Rankin Rittenhouse of Leetonia in the school of music, and Virginia L. Bauknecht of East Palestine in the school of journalism.

Quota Increased For Industrial Alcohol

WASHINGTON, Nov. 3—(AP)

—The men who make industrial alcohol have asked the government to use its allocation powers to see that they get more molasses to feed their plants.

At a meeting of the industrialists with representatives of six federal agencies yesterday, the National Production Authority estimated tentatively that the country will need about 350,000,000 gallons of industrial alcohol in 1951.

That's a vast increase over the present rate. Alcohol is needed for making synthetic rubber and other defense materials.

Crack Red Army At Korean Border

TAIPEI, Formosa, Nov. 3—(AP)—Chinese Nationalist reports from Red China said today that Communist Gen. Lin Piao's 120th division was in action in Korea, and that Lin's crack 40th army has moved to the Yalu river.

The Yalu separates Manchuria from Korea.

The 40th army was said to have been drawn from forces trained by the Japanese when they occupied Manchuria from 1931 until the end of World War II.

Lin is generally rated Red China's top military leader.
